

Dear Garden Club Members,

Without members like you, The Indianapolis Garden Club would not be what it is today. The impact we have made on the community is the result of the contribution of each and every individual member and we are grateful for your participation and support. It is now time to consider submitting proposals for new members who would be great additions to The Indianapolis Garden Club! Please give careful thought to a potential candidate's interest in gardening, photography, floral design, and conservation. Please reflect on her time availability (minimum 5 General Meetings per year), financial responsibility (dues, Garden Walk tickets, Flower Show participation), leadership potential and length of commitment (10 years as an active member before going associate). All of these factors are important considerations.

As a proposer, we also ask that you serve as a mentor, be available to attend meetings and provide guidance during the candidate's first year in our Club. The seconding members may also provide assistance with mentoring.

Candidates for admission must be proposed in writing by an active or associate member and seconded by two active or associate members. A member may propose one candidate and second one candidate in any club year OR may second two candidates.

The primary sponsor completes the IGC Admission Proposal Fact Sheet and writes a letter. The other two letters are written by the seconding members. All letters are to be typed and should be **one page maximum and tell how the proposing members personally know the candidate and their qualifications.**

Proposals for membership and letters must be received by **APRIL 15, 2026** via email. (preferably) or mailed to my home at 4439 Edinburgh Point, Indianapolis, IN 46228. If you are proposing a candidate, please download the form from The Indianapolis Garden Club website. Log in to the website and go to "Member Resources", click the drop-down menu and select "Member Documents". Please contact Kim Purucker at (317) 697-5151 with any questions or to obtain an IGC Admissions Proposal Form. **Please email proposals and letters of support to: kspurucker99@gmail.com**

Thank you for contributing to our Club in this very valuable way. The continued success of the IGC is sustained by the combined efforts of our members.

Sincerely,

Kim Purucker
Second Vice President, Membership
