September President's Letter

Welcome Back Members!

A special welcome to the club's newest members: Julia Clark, Darcy Griffin, and Paige Miller. And congratulations to Cami O'Herren, Lisa Paunicka, and Shandon Whistler on making it through your first year – you are no longer the “new members”!

I hope you had an enjoyable summer and are ready to start the new IGC year. And what a year our board and committee chairs have prepared for you. Please see pages 14-17 for the lists of the general meetings, board members, and committees.

There are BIG events happening this year!

First up, our Flower Show committee kicks off the year with the **Flower Show Schedule Reveal** at our first meeting on September 23 at Woodstock and a **Floral Design program** that will give you tips for your entries. We hope you will be wowed by the schedule, I know I was when I saw it!

Next, we have **renowned Horticulturist, Fergus Garrett, as our Educational Endowment Speaker** on October 30 at Newfields, followed by a luncheon at Woodstock. You do not want to miss this. And please bring guests.

Next up, Flower Show committee, Photography Division will provide **tips for taking photographs** for your entries to the Flower Show at the November meeting.

We will of course have our traditional programs of the **Community Project grant proposal presentation**, Holiday Luncheon with Awards and **Garden Walk Reveal**. Several of you have said how much you enjoy hearing from GCA Scholars, so we will have a **GCA scholar** at the February Zoom Meeting as well as the **Amaryllis Show**.

And we have more speakers lined up for spring: **Jeremy Kranowitz, CEO of Keep Indianapolis Beautiful**, will speak at the March Conservation Program and **honorary member Mark Zelonis** will speak at the May Garden History & Design Program.

And in April – well just WOW – the **Zone X Meeting and Flower Show** will take place at the **Hotel Carmichael** and **The Center for the Performing Arts**.

And last, but hardly least, our **31st Garden Walk** on June 9 and the **Annual Meeting fun** at Meridian Hills on June 11.

What more can I say but “Fasten Your Seatbelts, because it's gonna be a fun & fast ride!”

I look forward to seeing you on **Wednesday, September 23** at Woodstock! Be there at 3:45pm if you want to get a beverage and socialize a bit.

THE MEETING WILL START PROMPTLY AT 4PM!

Let's get started! Marta

Membership

As we begin our new Garden Club year, please make sure you say hello and welcome our newest members.

Please join us in extending a very warm welcome to **Julia Clark**, who is proposed by Jill Failey, and seconded by Sue Welch and Emily Macintosh.

Professionally, Julia is a Project Administrator at Trane Technologies, a role that perfectly highlights her exceptional organizational strengths and outstanding people skills. She also has a big heart for community service, actively volunteering with Habitat for Humanity and donating her creative talents to the Indiana Historical Society's annual Festival of Trees.

Julia's love for gardening began during her childhood when she spent hours gardening alongside her mother in their beautiful garden with unusual plants.. Today, she continues to cultivate this passion through hands-on gardening and a wonderful talent for flower

Membership

arranging. Her natural, creative eye extends well beyond the garden bed; she enjoys painting, interior design, and antiquing for unique treasures.

At home, Julia and her husband keep a busy and vibrant household raising their four children and supporting their academic and athletic pursuits. Julia enjoys golf, cooking, pickleball, tennis, youth hockey, entertaining and traveling. Her warmth, energy, and artistic eye will make her a fabulous addition to our Club. She is incredibly energetic and we look forward to her being a hands-on, active member of our club.

Paige Miller joins us with the enthusiastic sponsorship of Shele French, seconded by Lauren Hamilton, and Shandon Whistler, who were all eager to bring her incredible energy and talents to our group.

To say Paige is active in the community is a massive understatement. Professionally, she lends her keen creative eye as a Retail Strategist and Consultant at Parkside Linen. Beyond her work, she is a true powerhouse of volunteerism—having served as a two-time chair of the Brebeuf Bistro, and dedicating her time to the Junior League of Indianapolis, the Women for Riley, and the Leukemia & Lymphoma Society. She has also previously channeled her natural leadership into serving as both the parish council president and school board president at Our Lady of Mount Carmel.

Paige is a gracious entertainer who loves hosting family and friends. She and her husband are the proud parents of three grown sons. Paige and her husband are active members in the Indiana Golf Association. Her beautiful home backs up to a scenic wooded wetlands area, which provides the perfect backdrop for her favorite passion of gardening!

Paige has a breathtaking, natural talent for design and is a wonderfully creative floral designer with an exceptional sense of style. Known by everyone who works with her as collaborative, highly organized, and exceptionally fun, she brings a radiant, positive

Membership

attitude to everything she touches. We are absolutely thrilled to have Paige's warmth, style, and leadership in our club.

We are delighted to also welcome **Darcy Griffin**! Sponsored by Jill Hall and seconded by Lynn Dimond, and Cami O'Herren. Darcy brings an infectious enthusiasm, cheerfulness, and wonderful energy to our group.

Darcy has perfected the art of resilient gardening. She is a passionate shade gardener with a diverse collection of hostas—carefully curated to endure both the antics of her busy family and her large energetic dog. Proactive in plant conservation, Darcy even runs her own backyard "Hosta Hospital" where she rescues and revives struggling plants. Alongside her hostas, Darcy loves herb gardening and practicing floral design, frequently sharing fresh-cut bouquets from her yard to spread joy and foster close connections with her neighbors. Professionally, Darcy's background is rooted in finance and banking, giving her a highly organized, reliable, and goal-oriented approach. She is equally active in her community and personal life. In Greenfield, she generously volunteers her time as a horse handler at Agape Therapeutic Riding East. To stay physically active as an empty nester, Darcy and her husband love hiking, biking, skiing, playing pickleball, and traveling with friends. Above all, Darcy finds her greatest joy in nature, gardening, and building meaningful connections. She is incredibly excited to expand her friendships with the like-minded women of our club who share her love for the natural world.

Please take a moment to introduce yourself and welcome these new members to IGC.

Garden History and Design

Garden History and Design- John Bartrum (1600-1777) and his Garden

If you are in the Philadelphia area don't miss a chance to visit John Bartrum's garden, the oldest existing botanical garden in the United States. It is located in the southwest corner of Philadelphia on the Schuylkill River. John Bartrum established the garden in 1728 and over the years walked from Canada to Florida collecting seeds from plants, many newly found, to establish his garden. Over 38 years he boxed many seeds and sent them to England by ship to be shared with the famous botanists of the time; Peter Collinson, Carl Linnaeus, and Joseph Banks to name a few. In fact most of the flowering plants in England are a result of this exchange- Phlox being a good example. It is estimated he may have introduced 600 species to England. He discovered a new tree in southern Georgia which he named after his good friend Ben Franklin-Franklinia alatamaha. This tree is now extinct in the wild but can be purchased at his garden.

His botanical significance and contribution to botany can not be overstated. The book "The Brother Gardeners: Botany, Empire, and the Birth of an Obsession" by Andrea Wulf is a fascinating book regarding this era.
